

EXTRACT N° 1 - The first scene of our show.

ÁNGEL: Mum, I like living here.

MUM: I like living here too, but we don't have a **choice**. You know this new job is important for me; for both of us. I'll have better opportunities where we're going, and we need the money.

ÁNGEL: But why Scotland?

MUM: Because my new job is in Glasgow.

ÁNGEL: But what about my school? I love it.

MUM: There are very good schools in Scotland too.

ÁNGEL: But I haven't got any friends there.

MUM: You'll make new friends.

ÁNGEL: But mum, it's cold in Scotland!

MUM: No more buts! You are only thirteen years old. ...OK, OK, you have a choice. You either come to Scotland with me, or you go and live with your father in Madrid. It's your decision.
