Prince

Here, Mandon describes the moment when they arrive at Prince Memo's castle.

"Memo opens a big door and they go inside. It's dark and horrible, very different to our beautiful palace.

"Mummy, I'm home!" says Memo. You see, he lives in the castle with his mother. She's not normal because she is an ogre, a kind of ugly monster. Her name is Ogra. When Dawn sees Memo's mother, she screams: "Aaagh!"

"It's OK," says Memo. He tells Dawn his mother is "fine with people" because she takes these pills: one three times a day. They make her calm. Ogra shakes Dawn's hand and says, "Lovely to meet you."
